

## Your Career, Your Choice, Your Future, Make it Count!

The ALS Laboratory Group (ALS) is one of the largest, most geographically-diverse, laboratory testing companies in the world. We have laboratories strategically located in over 20 countries. We provide our clients with analytical and technical support for local and international projects.

We are always looking for dynamic, motivated and career oriented individuals. If you have a diploma or degree in chemistry or chemical technology then check out the potential career opportunities on our website [www.alsenviro.com](http://www.alsenviro.com).

We understand that our employees are our most important resource and as such we offer:

- Career opportunities throughout Canada and around the world
- Excellent benefit package
- Group RRSP matching program
- On-going training and support for continuing education
- Opportunities for advancement
- Flexible work schedules
- Challenging and fun work environment
